## **DETAILED ACTION**

### ***Continued Examination Under 37 CFR 1.114***

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 10/20/2008 has been entered.

### ***Response to Arguments***

2. Applicant's arguments with respect to **claims 1, 2, 11 and 12** have been considered but are moot in view of the new ground(s) of rejection.

### ***Claim Objections***

3. **Claims 1 and 2** are objected to because of the following informalities:
- a. Silicon is not a metal.
4. Appropriate correction is required.

### ***Claim Rejections - 35 USC § 112***

5. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

6. **Claims 1, 2, 11, and 12** are rejected under 35 U.S.C. 112, second paragraph, as being indefinite in that it fails to point out what is included or excluded by the claim language. This claim is an omnibus type claim.

Due to independent **claims 1 and 2** being omnibus claims, dependent **claims 11 and 12** are not examinable.
